

RETHINK

Building Security

FROM THE MANUFACTURER OF HOLLOW METAL DOORS

Done with Old Tech?

- Keys are easily lost, copied, or stolen
- Personnel and tenant changes make re-keying a hassle — and expensive!
- Multiple keys slow access to different units for management

CLUNKY

CUMBERSOME

COSTLY

A Simple, Reliable, Affordable Upgrade.

TELL ELECTRONIC KEYPAD LOCKS

- PIN-based access — no keys to lose or track
- Easy code changes for new tenants
- Remote or centralized management
- Easily rekey locks to an existing backup key on the spot, in seconds, if desired.
- More affordable than you think!

EASY AND SECURE

Easy and secure access to only those who are permitted. 30 unique user codes can be programmed.

LOW MAINTENANCE

Replace the battery approximately once every 3 years, or annually for the DE model, depending on usage.

AFFORDABLE

A smart, cost-effective solution. \$99 - \$129 MSRP. Ask about your discount.

SMARTKEY SECURITY! Your backup key features a SC1 SmartKey Cylinder, requiring ONLY SECONDS to re-key the cylinder to your existing key.

Re-Key Your Lock in Seconds!

The PROVIDED Key
The working key that comes with the lock

5 SECOND Reset
Reset Cylinder to match new key

The NEW Key
Your existing key that you want to use

! You must have the working key to re-key the lock. Not compatible with Kwikset keys.

See video for complete instructions.
